LEGO Master Builders Summer Camp:

Cost \$110.00/wk

Each day the kids will be given a different LEGO brick building challenge to allow them development of several skills including working in groups, creative thinking, public speaking, sportsmanship, creativity, design engineering, and most importantly fun.

Designed for kids between 6-14 years of age, the sessions will run from 8am-Noon. Everything is provided for the students with the exception of snacks or drinks. The camp size is limited to no more than 18 students so each child can have as much fun as possible.

Curriculum includes:

- LEGO Construction Tips
- Working with LEGO Technics
- Special Challenge Projects
- Bricktona500[®] Racecar Challenge and much more

* Please remember that camp fees are non-refundable, due to the limited number of available slots we cannot refund registration fees for non attendance after registration.

ABOUT US:

The NH LEGO League has been working with children who have a passion for LEGO brick building since 2009. Each month we hold LEGO building meetings for our members in Goffstown, NH with a focus on building, learning, and having fun. We have sent teams to compete in the First LEGO Robotics program, founded the Bricktona 500 NH's first and only annual LEGO car race, and now offer LEGO NXT 2.0 training classes. For more information please feel free to contact us @ info@nhlegoleague.com.
